IMPORTANT NOTICE TO BUYERS

Deposit and other pre-registration requirements

Marcopolo Auctions may require an amount of €5.000 as a deposit to authorise you to bid on lots. Marcopolo Auctions also reserves the right to request higher and cumulative amounts for lots marked in the catalogue as PREMIUM lots, lots for which only telephone and room bids will be accepted. Furthermore, the auction house may, at its discretion, request additional guarantees for one or more lots. Therefore, the customer is requested to contact the auction house at least 4 days before the auction date to allow for proper pre registration and to know the amount of the deposit to be paid, making sure that this amount arrives at least 3 working days before the sale.

It will not be possible for the auctioneer to obtain financial references on weekends or public holidays. The required deposit must be paid in Euro by bank transfer, credit/debit card payment or in the form of a pre-authorisation of € 5.000 in order to be accepted to participate in the auction after registration.

In the case of cash payments, amounts not exceeding € 5.000 will be accepted, in accordance with the regulations in force regarding cash circulation limits. The payment of the auction invoice, as stated in the conditions of sale, shall be made within 7 days from the date of the auction. If the customer has not paid the balance within this deadline or does not express an intention to pay their invoice otherwise, the auction house reserves the right to:

-charge the pre-authorisation made by credit card, made at the time of approval and registration for the auction, as the invoice balance (if the amount due is less than the authorised deposit) or as an advance to the invoice itself if the amount due is higher.

-withhold the bank deposit (in case of deposit payment by bank transfer) as partial or full invoice payment . In the latter case, the excess will be refunded.

In both cases, after a further 7 days, the auction house may cancel the sale and retain the entire deposit as a penalty for the failed sale, reserving all rights to open a dispute to recover the full amount due. The auctioneer shall not accept any objection to such handling of the unpaid amount.

In the event that a customer is not awarded a lot, Marcopolo Auctions will re-issue a refund (subject to the right of set-off) for the amount of the deposit paid by the customer without interest within 3 business days from the date of the sale. Any exchange losses or fees associated with the refund will be borne by the customer.

h cm 105

€ 6000 / 10000

Of sinuous form, the body rises to a broad rounded shoulder and tapers to a flaring neck with everted rim, finely painted with gilt-edged medallions enclosing bats, flowers, qilong, fruits and geometric motifs, all reserved on a meticulously incised deep-blue ground richly gilt with scrolling spirals forming stylised leafy scrolls; the neck and body are divided by three bright yellow-ground bands decorated with ruyi and floral motifs; the body and interior are covered with a soft turquoise glaze.

Provenance: Private Collection, Milan.

Catalogue Note:

Famille rose porcelains with sgraffito grounds are characteristic of the Qing period. Their production flourished particularly between the mid-eighteenth century and the first quarter of the nineteenth century, with examples made both at the Imperial kilns and at provincial kilns, before experiencing a revival from the late nineteenth century through the period of the Republic of China.

The exceptional quality of the present decoration, together with the remarkable refinement of its manufacture, may suggest that, if not intended for the Imperial court itself, it was commissioned by a patron of considerable wealth and status.

清19世纪 石青缎绣八团龙纹吉服褂

这是一件清代石青色八团龙纹吉服褂，属于清代最高等级的女性吉服之一，只有皇太后、皇后、皇贵妃可穿石青色八团龙纹吉服褂，贵妃、妃的龙褂形制相同，嫔则为四团龙纹，体现了严格的后宫等级制度。

八团龙纹：两肩、前胸、后背各1团正龙，衣襟处4团行龙，共8团五爪金龙，是身份的核心标识（五爪龙为皇家专属）。

海水江崖纹：下摆处的波浪与山纹，象征“江山永固、四海升平”，是清代礼服的经典装饰。

五彩祥云：团龙周围的云纹与蝙蝠纹，寓意“福运绵长、吉祥如意”。

袖口装饰：袖口处的繁复工笔花卉纹，进一步强化了皇家服饰的精致感。

龙纹细节繁复，金线与彩线交织，体现了清代宫廷造办处的顶级织造水平。

类似的袍服可见于北京故宫博物院藏品（[链接](#)），以及明尼阿波利斯艺术学院藏品，藏品编号2016.119.4（[链接](#)）。

The interior of the doors is veneered in dark woods and enriched with shibayama-style inlays in mother-of-pearl and lacquer, depicting flowering magnolia branches and a songbird with a long feathered tail.

The reverse bears a three-character signature carved within a reserve: Waraku-dō (和楽堂).

Catalog Notes:

This exceptional cabinet reflects the remarkable technical eclecticism and craftsmanship that characterised Japanese art workshops during the late Meiji period. The piece bears witness to a learned intercultural dialogue with Chinese tradition: the exterior emulates the complex imperial carved lacquer technique tihong of the Qing dynasty, reinterpreted by Japanese artisans with exceptional formal clarity and superb precision of carving.

The striking visual transition between the sculptural opulence of the red lacquer exterior and the intimate, poetic delicacy of the interior—adorned with the highly refined shibayama inlay technique—lends this kodansu a particularly sophisticated presence, intended for the most discerning Western and Eastern collectors of the period.

5. Estimates: The estimates provided in the catalog are expressed in euros, serve solely as an indication, may be modified at any time, and are not suitable to generate any form of prediction regarding the final hammer price.
6. Description and display of items: Presentation, descriptions and photographs of items contained in the auction catalog and on the portal www.marcopoloauctions.com, despite being expressions of the best knowledge and skills of experts appointed by Marcopolo's, their sole purpose is to identify lots. Under no circumstances shall any incompleteness or errors in descriptions or, in particular, the failure to identify defects or imperfections (such as: breakages, restorations, deficiencies or substitutions), constitute grounds for claims or disputes subsequent to the sale. In order to allow buyers to examine each individual lot and to personally verify its properties, each auction is preceded by an exhibition open to the public for at least two consecutive days, according to the times shown on-site and published on the auction house's official website www.marcopoloauctions.com and in accordance with any limitations imposed by the Authorities on health protection. The exhibition is therefore intended to allow the examination of the condition and quality of the items, as well as to clarify any errors or inaccuracies in the catalog. The buyer undertakes to examine the lot prior to purchase to verify its conformity with the catalog descriptions and, if necessary, to seek the opinion of a trusted expert to confirm its authenticity, provenance, attribution, date, age, cultural origin, and condition. Prior to the launch of an auction, the Sales Manager will be available to provide any useful explanations regarding items which, upon agreement with Marcopolo, can be examined by any means of investigation that do not cause damage to them and that do not affect the possibility of being examined by other interested parties. Buyers who make one or more bids without a prior personal inspection of the lot, but bid based only on photographs, the catalogue description and the form published on the website www.marcopoloauctions.com, do so at their own risk. It must be understood that, unless otherwise specified, all items sold at auction are used and in such conditions as sold, with all possible defects and imperfections that may arise, such as breakages, restorations, deficiencies or substitutions. Therefore, following a purchase during auction, claims are not admissible based on the state of conservation, classification, description, dating, attribution of purchased items, or due to defects, even if hidden, except for cases of malicious or intentional concealment by a seller. Antiques by their very nature may present restorations or modifications, such interventions can in no case be considered as hidden or latent defects. The state of mechanical operation of items is not guaranteed by the auction house and buyers purchase them at their own risk, without reserves and waiving all exceptions.
7. Licenses, authorizations and permissions: Sellers and buyers are required to strictly comply with the law, including international laws, governing the sale, purchase and holding of items placed at auction. In order to respect of I. 150/92 and subsequent amendments and additions, objects featuring parts or components made of ivory, as well as of species protected by the CITES convention, are provided with a certificate attesting the production and the manufacturing before 1947. Marcopolo's, its agents

or its staff cannot be held liable for any damages incurred by buyers due to the import of goods which are prohibited or limited by their country of origin.

8. Restrictions on the circulation of certain goods: Buyers are required to comply with all applicable laws and regulations regarding items subject to notification, with particular reference to Legislative Decree No. 42/2004. This legislation governs the export of Cultural Goods outside the territory of the Italian Republic, while exports outside the European Community are additionally subject to the provisions of EC Regulation No. 116/2009 of December 18, 2008. The export of items is regulated by the aforementioned legislation as well as current customs and tax laws. Under no circumstances can Marcopolo be held responsible for the failure to obtain a certificate of free circulation for a given item, for restrictions arising from the notification of a declaration of cultural interest, or for the exercise of the right of preemption on behalf of the Italian State. Marcopolo therefore disclaims all liability towards buyers in relation to any export restrictions on awarded lots. The failure to obtain the aforementioned authorizations cannot justify the cancellation of the purchase or non-payment.
9. Registration of auction participants: In order to ensure that the existing provisions in the context of Anti-Money Laundering are fulfilled, anyone interested in taking part in the auction must register, providing Marcopolo with the information and documents deemed necessary to identify them, including: residence, shipping address, email, telephone number, copy of a valid identity card or passport, tax code, VAT reg. number and bank account details. At the Auction House's discretion, a security deposit and additional information or references may be requested from buyers. The above documentation can also be sent by email to the following address info@marcopoloauctions.com. Data sent will be processed in compliance with EU Regulation 2016/679 (GDPR). Customers will be required to send updated documentation if documents expire. Registered users will be issued a personal identification number or code which is necessary for submitting bids. Please note that for security purposes, Marcopolo's premises are subject to video recording. Telephone calls e.g. telephone bidding may also be recorded.
10. Taking part in auctions: Taking part in an auction is possible by making bids in the room, depositing or submitting written bids or by telephone or on-line communications. Written bids received before the opening of the tender must contain clear information on the lot and the price offered. Written bids shall be made at the minimum possible price with reference to other bids and at the reserve price. The purchase of lots by a person to be appointed or the transfer to third parties of lots won is not permitted.
11. Telephone bidding service: Marcopolo offers its customers a telephone bidding service. Customers who wish to be phoned during auctions to a previously notified telephone number previously for one or more lots of interest, can request this in writing by email at info@marcopoloauctions.com, or by filling in the Bid sheets included in each Marcopolo's catalogue or which can be downloaded from the website at www.marcopoloauctions.com. For bidding on lots where bidders wish to make use of the telephone bidding service, the customer unconditionally accepts from the moment of his request to bid for the lot itself the basic auction value, and more precisely the first of the two prices indicated in the catalogue and on the website. In the event that no other bid is received during the auction, lots will be awarded to the person/entity that requested the service even if the latter has not confirmed their bid by telephone during the auction. Marcopolo reserves the right to record telephone bids and assumes no responsibility for any technical issues that may prevent or limit the telephone bidding service during auctions.
12. Bids through web applets or third-party platforms: It is possible to submit bids, after registering and entering personal data, also through the website www.marcopoloauctions.com and the relevant web applet or by means of third-party web platforms. Bids submitted as above imply the unconditional acceptance of these general terms. Users who take part in auctions through the web applet of the website www.marcopoloauctions.com or third-party platforms are aware that during the auction about 100 lots are auctioned per hour: therefore, the correspondence of data on bids shown by the web applet of Marcopolo or by third-party web platforms with any increasing offers made in the Room cannot be guaranteed, with the consequence that the latter may be higher and prevail. The Sales Manager present in the room is the only party entitled to ratify rising bids during auctions.
13. Use of the website and telephone and on-line services: The use of the www.marcopoloauctions.com website is free and takes place at the user's risk. Marcopolo, its agents or staff cannot be held liable for damages or inconveniences due to problems related to the use of the website www.marcopoloauctions.com nor due to technical problems related to telephone lines or internet connection, or for the non-execution of bids submitted by telephone or on-line. It is forbidden for users of the website www.marcopoloauctions.com to use the site itself and the relevant services for illicit or purposes contrary to these contractual terms. Marcopolo reserves the right to exclude, at its sole discretion, any user from accessing the website www.marcopoloauctions.com and relevant services. All equipment made available by Marcopolo on the website www.marcopoloauctions.com and by means of the relevant services (including: texts, graphics, photographs, advertising images, etc.), is protected, even criminally, by the current Italian copyright law. Marcopolo cannot be held

- liable in any case for issues and damages suffered by customers due to links to third-party sites on the www.marcopoloauctions.com platform or for damages deriving from the use of third-party platforms.
14. Exclusion from auctions: The Sales Manager, at his sole discretion, has the right to exclude from participation in the auction persons who may disrupt its normal exercise as, by way of example but not limited to the following: parties who interfere, who trade in the room, who are late in making payments, regardless of the reason, due to Marcopolo or that have a dispute open both in court and out of court, or those who have been convicted of crimes concerning trade or patrimony.
 15. Auction mode: Individual lots are sold to the highest bidder, for cash and in Euro. Bids on the increase during the bidding process cannot be less than 5% of the previous bid. Any purchase offers for a price lower than the auction's reserve price (which, if not further specified, shall never be lower than the minimum bid price), may be considered only outside the auction and after that, at the sole discretion of Marcopolo and prior written consent of the seller or owner. Lots are awarded by the Sales Manager who ratifies their award. Disputes regarding the priority or timeliness of bids are decided on the spot, at the Sales Manager's discretion. In the event that two winning bids are equivalent, the assignment of the lot to one of the two bids is at the Sales Manager's discretion. In all cases of dispute, it remains understood that the Director of Sales may cancel disputed transactions and repeat an auction, in the same auction session or in the one immediately following it, for a starting price equal to the highest bid received in the room or in writing and not disputed.
 16. Changes to lots: The Sales Manager has the right to withdraw lots from the auction, change the order of lots, merge multiple lots among those for sale, or divide items already catalogued as single lot into several lots, establishing new prices generated by these initiatives.
 17. Auction fees and ancillary charges: Auction fees, equal to 28% (twenty eight percent) of the price reached at auction or expressed in the written purchase bid, VAT included, must be added to the purchase price that results from the event. In addition, any additional tax and / or ancillary charges shall be borne by the purchaser. Any duty, tax or rate, as well as any cost to export or import the purchased goods will be charged to the buyer.
 18. Terms and methods of payment: Payment of the auction price and auction fees for lots awarded, with the relevant ancillary expenses, must be made within 7 days from the end of the auction, upon issuance of invoice notice in paper or digital format. The payment of precious goods must be done within the day ensuing the awarding. Buyers present in the room must make payment of the purchase price, auction fees and relevant ancillary expenses immediately following the award of an item. The transfer of ownership of awarded property is finalized at the time of payment of the purchase price, auction fees and relevant ancillary expenses. In the event of non-payment or late payment, Marcopolo may at its sole discretion (having informed the seller) exercise one or more of the following remedies: (a) proceed legally in order to request the compulsory execution of the obligation to conclude the agreement; (b) cancel the sale of the lot and sell it through auction or private treaty, charging the defaulting bidder every greater cost and damages and withholding any advance payments received for this purpose; (c) reject future bids from the buyer or render such bids subject to payment of a deposit. In all cases of non-payment or late payment, lots will remain in storage at Marcopolo Auction House at the successful bidder's risk and expense, until sold or collected by the seller. Unless specifically agreed with the Seller, the precious objects that cannot be kept on storage constitute an exception. Foreign buyers are required to pay Italian taxes on the service (V.A.T).
 19. Collection of purchased lots: Purchased goods must be collected at Marcopolo within 48 hours of payment of the invoice notice referred to in section 15 above at the buyer's expense and risk. Precious objects can be collected in person the day ensuing the auction: afterwards they will be sent via insured shipping by the Mailboxes at the buyer's expense. If the buyer pays the purchase price and buyer's expenses but fails to collect a purchased lot within thirty calendar days of the auction, the lot will be stored at the buyer's expense (and risk) at Marcopolo or with a third party. If a purchased lot is paid for but not collected within six months of the auction, the buyer authorize Marcopolo, having given notice to the buyer, to arrange a resale of the item by auction or private sale, with estimates and reserves at Marcopolo discretion. The proceeds of such sales, less all costs incurred by Marcopolo, will be forfeited unless collected by the buyer within two years of the original auction.
 20. Lot shipments: Marcopolo does not ship the lots. If required, the service can be assigned to an external shipping agency that has an agreement with the Auction House; the buyer will have a direct relationship with the agency, also in the context of releasing the invoice that includes costs for administration, packing, labor, shipping and insurance and has to be paid immediately.
 21. Shipping by the buyer: In a situation where the carrier is identified by the buyer, it is the latter's responsibility to immediately notify the identity to Marcopolo; the buyer is also required to issue specific written clearance to Marcopolo for delivery to a courier of purchased lots, without prejudice to the need to have all the necessary authorizations for transporting and exporting individual items.
 22. Courier packaging: Marcopolo reserves the right to provide the shipping agency with any information

and recommendation on the lots' packing procedures. The goods shipped outside Italy must be provided with a commercial invoice indicating value and type of goods.

28. Protection of personal data: Pursuant to Article 13 of Legislative Decree No. 196 of June 30, 2003 ("Personal Data Protection Code"), Marcopolo informs that the personal data provided will be processed primarily using electronic, automated, and/or video recording means (in compliance with methods and tools designed to ensure the security and confidentiality of the data) for the following purposes: (a) to fulfill obligations related to its services, (b) to manage relationships with sellers and buyers (e.g., administration of sales proceeds, invoices, shipments), (c) to conduct checks and evaluations of the auction sale relationship and related risks, (d) to comply with tax, accounting, legal obligations, and/or provisions issued by public authorities, and (e) to send advertising and informational materials from Marcopolo via automated systems, such as email, fax, SMS, or MMS.
