IMPORTANT NOTICE TO BUYERS

Deposit and other pre-registration requirements

Marcopolo Auctions may require an amount of €5.000 as a deposit to authorise you to bid on lots. Marcopolo Auctions also reserves the right to request higher and cumulative amounts for lots marked in the catalogue as PREMIUM lots, lots for which only telephone and room bids will be accepted. Furthermore, the auction house may, at its discretion, request additional guarantees for one or more lots. Therefore, the customer is requested to contact the auction house at least 4 days before the auction date to allow for proper pre registration and to know the amount of the deposit to be paid, making sure that this amount arrives at least 3 working days before the sale.

It will not be possible for the auctioneer to obtain financial references on weekends or public holidays. The required deposit must be paid in Euro by bank transfer, credit/debit card payment or in the form of a pre-authorisation of € 5.000 in order to be accepted to participate in the auction after registration.

In the case of cash payments, amounts not exceeding € 5.000 will be accepted, in accordance with the regulations in force regarding cash circulation limits. The payment of the auction invoice, as stated in the conditions of sale, shall be made within 7 days from the date of the auction. If the customer has not paid the balance within this deadline or does not express an intention to pay their invoice otherwise, the auction house reserves the right to:

-charge the pre-authorisation made by credit card, made at the time of approval and registration for the auction, as the invoice balance (if the amount due is less than the authorised deposit) or as an advance to the invoice itself if the amount due is higher.

-withhold the bank deposit (in case of deposit payment by bank transfer) as partial or full invoice payment . In the latter case, the excess will be refunded.

In both cases, after a further 7 days, the auction house may cancel the sale and retain the entire deposit as a penalty for the failed sale, reserving all rights to open a dispute to recover the full amount due. The auctioneer shall not accept any objection to such handling of the unpaid amount.

In the event that a customer is not awarded a lot, Marcopolo Auctions will re-issue a refund (subject to the right of set-off) for the amount of the deposit paid by the customer without interest within 3 business days from the date of the sale. Any exchange losses or fees associated with the refund will be borne by the customer.

Francesco e Girolamo Bassano
CHRIST ON THE WAY TO CALVARY,
Venetian School, 16th century

Oil on canvas, frame of the period h cm 70 x l cm 61

€ 4000 / 6000

Work attributed to Francesco Bassano and Girolamo Bassano, depicting the theme of the "Christ Carrying the Cross", a subject of great success within the production of the Bassano workshop. The composition is inspired by a related model conceived by Francesco Bassano the Younger, preserved in the De Frey Collection in Paris, here reinterpreted with particularly vivid chromatic and luminous effects. The iconographic subject may be compared with other versions on the same theme preserved at the Fitzwilliam Museum in Cambridge, Weston Park, the Museum of Fine Arts Budapest, and other European collections. Scholars have noted that the original conception derives from Francesco's invention, while the execution appears to have involved collaboration with other members of the workshop, probably Girolamo and Leandro Bassano.

Provenance: private collection.

Condition report: excellent condition; restorations consisting of cleaning, relining, and very minor pictorial retouching.

In order to respect of l. 150/92 and subsequent amendments and additions, objects featuring parts or components made of ivory, as well as of species protected by the CITES convention, are provided with a certificate attesting the production and the manufacturing before 1947. Marcopolo's, its agents

or its staff cannot be held liable for any damages incurred by buyers due to the import of goods which are prohibited or limited by their country of origin.

8. Restrictions on the circulation of certain goods: Buyers are required to comply with all applicable laws and regulations regarding items subject to notification, with particular reference to Legislative Decree No. 42/2004. This legislation governs the export of Cultural Goods outside the territory of the Italian Republic, while exports outside the European Community are additionally subject to the provisions of EC Regulation No. 116/2009 of December 18, 2008. The export of items is regulated by the aforementioned legislation as well as current customs and tax laws. Under no circumstances can Marcopolo be held responsible for the failure to obtain a certificate of free circulation for a given item, for restrictions arising from the notification of a declaration of cultural interest, or for the exercise of the right of preemption on behalf of the Italian State. Marcopolo therefore disclaims all liability towards buyers in relation to any export restrictions on awarded lots. The failure to obtain the aforementioned authorizations cannot justify the cancellation of the purchase or non-payment.
9. Registration of auction participants: In order to ensure that the existing provisions in the context of Anti-Money Laundering are fulfilled, anyone interested in taking part in the auction must register, providing Marcopolo with the information and documents deemed necessary to identify them, including: residence, shipping address, email, telephone number, copy of a valid identity card or passport, tax code, VAT reg. number and bank account details. At the Auction House's discretion, a security deposit and additional information or references may be requested from buyers. The above documentation can also be sent by email to the following address info@marcopoloauctions.com. Data sent will be processed in compliance with EU Regulation 2016/679 (GDPR). Customers will be required to send updated documentation if documents expire. Registered users will be issued a personal identification number or code which is necessary for submitting bids. Please note that for security purposes, Marcopolo's premises are subject to video recording. Telephone calls e.g. telephone bidding may also be recorded.
10. Taking part in auctions: Taking part in an auction is possible by making bids in the room, depositing or submitting written bids or by telephone or on-line communications. Written bids received before the opening of the tender must contain clear information on the lot and the price offered. Written bids shall be made at the minimum possible price with reference to other bids and at the reserve price. The purchase of lots by a person to be appointed or the transfer to third parties of lots won is not permitted.
11. Telephone bidding service: Marcopolo offers its customers a telephone bidding service. Customers who wish to be phoned during auctions to a previously notified telephone number previously for one or more lots of interest, can request this in writing by email at info@marcopoloauctions.com, or by filling in the Bid sheets included in each Marcopolo's catalogue or which can be downloaded from the website at www.marcopoloauctions.com. For bidding on lots where bidders wish to make use of the telephone bidding service, the customer unconditionally accepts from the moment of his request to bid for the lot itself the basic auction value, and more precisely the first of the two prices indicated in the catalogue and on the website. In the event that no other bid is received during the auction, lots will be awarded to the person/entity that requested the service even if the latter has not confirmed their bid by telephone during the auction. Marcopolo reserves the right to record telephone bids and assumes no responsibility for any technical issues that may prevent or limit the telephone bidding service during auctions.
12. Bids through web applets or third-party platforms: It is possible to submit bids, after registering and entering personal data, also through the website www.marcopoloauctions.com and the relevant web applet or by means of third-party web platforms. Bids submitted as above imply the unconditional acceptance of these general terms. Users who take part in auctions through the web applet of the website www.marcopoloauctions.com or third-party platforms are aware that during the auction about 100 lots are auctioned per hour: therefore, the correspondence of data on bids shown by the web applet of Marcopolo or by third-party web platforms with any increasing offers made in the Room cannot be guaranteed, with the consequence that the latter may be higher and prevail. The Sales Manager present in the room is the only party entitled to ratify rising bids during auctions.
13. Use of the website and telephone and on-line services: The use of the www.marcopoloauctions.com website is free and takes place at the user's risk. Marcopolo, its agents or staff cannot be held liable for damages or inconveniences due to problems related to the use of the website www.marcopoloauctions.com nor due to technical problems related to telephone lines or internet connection, or for the non-execution of bids submitted by telephone or on-line. It is forbidden for users of the website www.marcopoloauctions.com to use the site itself and the relevant services for illicit or purposes contrary to these contractual terms. Marcopolo reserves the right to exclude, at its sole discretion, any user from accessing the website www.marcopoloauctions.com and relevant services. All equipment made available by Marcopolo on the website www.marcopoloauctions.com and by means of the relevant services (including: texts, graphics, photographs, advertising images, etc.), is protected, even criminally, by the current Italian copyright law. Marcopolo cannot be held

- liable in any case for issues and damages suffered by customers due to links to third-party sites on the www.marcopoloauctions.com platform or for damages deriving from the use of third-party platforms.
14. Exclusion from auctions: The Sales Manager, at his sole discretion, has the right to exclude from participation in the auction persons who may disrupt its normal exercise as, by way of example but not limited to the following: parties who interfere, who trade in the room, who are late in making payments, regardless of the reason, due to Marcopolo or that have a dispute open both in court and out of court, or those who have been convicted of crimes concerning trade or patrimony.
 15. Auction mode: Individual lots are sold to the highest bidder, for cash and in Euro. Bids on the increase during the bidding process cannot be less than 5% of the previous bid. Any purchase offers for a price lower than the auction's reserve price (which, if not further specified, shall never be lower than the minimum bid price), may be considered only outside the auction and after that, at the sole discretion of Marcopolo and prior written consent of the seller or owner. Lots are awarded by the Sales Manager who ratifies their award. Disputes regarding the priority or timeliness of bids are decided on the spot, at the Sales Manager's discretion. In the event that two winning bids are equivalent, the assignment of the lot to one of the two bids is at the Sales Manager's discretion. In all cases of dispute, it remains understood that the Director of Sales may cancel disputed transactions and repeat an auction, in the same auction session or in the one immediately following it, for a starting price equal to the highest bid received in the room or in writing and not disputed.
 16. Changes to lots: The Sales Manager has the right to withdraw lots from the auction, change the order of lots, merge multiple lots among those for sale, or divide items already catalogued as single lot into several lots, establishing new prices generated by these initiatives.
 17. Auction fees and ancillary charges: Auction fees, equal to 28% (twenty eight percent) of the price reached at auction or expressed in the written purchase bid, VAT included, must be added to the purchase price that results from the event. In addition, any additional tax and / or ancillary charges shall be borne by the purchaser. Any duty, tax or rate, as well as any cost to export or import the purchased goods will be charged to the buyer.
 18. Terms and methods of payment: Payment of the auction price and auction fees for lots awarded, with the relevant ancillary expenses, must be made within 7 days from the end of the auction, upon issuance of invoice notice in paper or digital format. The payment of precious goods must be done within the day ensuing the awarding. Buyers present in the room must make payment of the purchase price, auction fees and relevant ancillary expenses immediately following the award of an item. The transfer of ownership of awarded property is finalized at the time of payment of the purchase price, auction fees and relevant ancillary expenses. In the event of non-payment or late payment, Marcopolo may at its sole discretion (having informed the seller) exercise one or more of the following remedies: (a) proceed legally in order to request the compulsory execution of the obligation to conclude the agreement; (b) cancel the sale of the lot and sell it through auction or private treaty, charging the defaulting bidder every greater cost and damages and withholding any advance payments received for this purpose; (c) reject future bids from the buyer or render such bids subject to payment of a deposit. In all cases of non-payment or late payment, lots will remain in storage at Marcopolo Auction House at the successful bidder's risk and expense, until sold or collected by the seller. Unless specifically agreed with the Seller, the precious objects that cannot be kept on storage constitute an exception. Foreign buyers are required to pay Italian taxes on the service (V.A.T).
 19. Collection of purchased lots: Purchased goods must be collected at Marcopolo within 48 hours of payment of the invoice notice referred to in section 15 above at the buyer's expense and risk. Precious objects can be collected in person the day ensuing the auction: afterwards they will be sent via insured shipping by the Mailboxes at the buyer's expense. If the buyer pays the purchase price and buyer's expenses but fails to collect a purchased lot within thirty calendar days of the auction, the lot will be stored at the buyer's expense (and risk) at Marcopolo or with a third party. If a purchased lot is paid for but not collected within six months of the auction, the buyer authorize Marcopolo, having given notice to the buyer, to arrange a resale of the item by auction or private sale, with estimates and reserves at Marcopolo discretion. The proceeds of such sales, less all costs incurred by Marcopolo, will be forfeited unless collected by the buyer within two years of the original auction.
 20. Lot shipments: Marcopolo does not ship the lots. If required, the service can be assigned to an external shipping agency that has an agreement with the Auction House; the buyer will have a direct relationship with the agency, also in the context of releasing the invoice that includes costs for administration, packing, labor, shipping and insurance and has to be paid immediately.
 21. Shipping by the buyer: In a situation where the carrier is identified by the buyer, it is the latter's responsibility to immediately notify the identity to Marcopolo; the buyer is also required to issue specific written clearance to Marcopolo for delivery to a courier of purchased lots, without prejudice to the need to have all the necessary authorizations for transporting and exporting individual items.
 22. Courier packaging: Marcopolo reserves the right to provide the shipping agency with any information

- and recommendation on the lots' packing procedures. The goods shipped outside Italy must be provided with a commercial invoice indicating value and type of goods.
23. Damage to shipped goods: Marcopolo will not be liable for any damage suffered from the goods after the delivery to the shipping agency. All packing and handling is at the buyer's risk.
 24. Nature of auctioned goods: All goods placed at auction must be considered as used and supplied as antiques or as products to be repaired and refurbished in accordance with and for the purposes of Art. 3 paragraph 1 lett. e) of Italian Legislative Decree 206/2005 (Italian Consumer Code) and subsequent amendments.
 25. Exclusion of the right of withdrawal: Pursuant to Art. 59 of Italian Legislative Decree 206/2005 and subsequent amendments the right of withdrawal with respect to any lot are excluded.
 26. Extension of sales terms: These general terms apply, to the extent compatible, also to any subsequent purchases following the auction of lots not awarded.
 27. Changes to the general terms: Marcopolo reserves the right to modify these terms and conditions at its own absolute discretion, at any time and without prior notice. Auction participants shall be liable for checking updates published according to the procedures set out in point 1.
 28. Protection of personal data: Pursuant to Article 13 of Legislative Decree No. 196 of June 30, 2003 ("Personal Data Protection Code"), Marcopolo informs that the personal data provided will be processed primarily using electronic, automated, and/or video recording means (in compliance with methods and tools designed to ensure the security and confidentiality of the data) for the following purposes: (a) to fulfill obligations related to its services, (b) to manage relationships with sellers and buyers (e.g., administration of sales proceeds, invoices, shipments), (c) to conduct checks and evaluations of the auction sale relationship and related risks, (d) to comply with tax, accounting, legal obligations, and/or provisions issued by public authorities, and (e) to send advertising and informational materials from Marcopolo via automated systems, such as email, fax, SMS, or MMS.
 29. Jurisdiction: Any dispute concerning the application, interpretation or breach of this agreement shall be referred to the exclusive jurisdiction of the Court of Milan.
